 Signature of Authorized Representative: Linda S. Millsaps, Executive Director

 Date: 3/16/2020

VHSP Match Requirements

VHSP funds require a 25 percent match. This is based on the total amount of funds allocated within the local CoC or planning group, excluding HOP/WA funding. The match requirement may be met at the community and/or grantee level thereby allowing communities to use programs or services funded by local and private resources as a match for this funding. Only VHSP eligible activities funded by local (local government or private) resources may be used to meet this requirement. Match resources are exclusive and may not be used to meet multiple match requirements. Match resources may include cash, the fair rental value of any donated material or space, any salary paid from local or private sources which have not otherwise been charged to VHSP, and volunteer labor. Match must be documented between the CoC or local planning group and specific match sources. As documented on the Independent Sector website, <https://www.independentsector.org/resources/the-value-of-volunteer-time/>, Virginia's volunteer hourly rate is estimated to be \$27.50. Please check the aforementioned website for updates. The Bureau of Labor Statistics' hourly wages by occupation that can be used to determine the value of a specialized skill can be located at the following website: https://www.bls.gov/oes/current/oes_va.htm. Please see the VHSP guidelines for more details.
