

**Fredericksburg Regional CoC
2021 CoC Program Scoring Sheet
Permanent Supportive Housing; Rapid Rehousing**

Instructions

Project application scores should reflect the strength of the individual proposal as well as the relative strength of the proposal in comparison to other proposals for the same project type. Scores should also reflect the proposal's ability to demonstrate strong collaboration among the network of projects within the homelessness response system.

Project application scores should inform the final project ranking, but the Funding & Performance Committee should also consider other factors, such as project type, population group served by the project, levels of unmet need, or other parameters.

Renewal and expansion requests for the same project will be scored on one scoring sheet but in separate columns. Renewal and expansion requests may receive different scores and will be ranked separately by the Funding & Performance Committee.
