Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2022 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile)must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2022 Continuum of Care (CoC) Program Competition. For more information see FY 2022 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2022 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2021 Project Application will be imported into the FY 2022 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2022 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2022 renewal project application. The “Submit without Changes” process is not applicable for:
- first time renewing project applications
- a project application that did not import last FY 2021 information
- a project that had Issues or Conditions that were addressed in FY 2021 Post-Award and updates need to be reflected in the FY 2022 project application
- a project that had amendments approved in FY 2020 or FY 2021 that need to be reflected in the FY 2022 project application

e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:
- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2021 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click ""Save"" and those screens will be available for edit. Once a project applicant selects a checkbox and clicks ""Save"", the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions found on the left side menu of e-snaps or hud.gov to find more in depth information about applying under the FY 2022 CoC Competition.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Empowerhouse's PH DV RRH project will offer financial housing assistance and supportive case management to victims and their families in Virginia's Planning District 16 fleeing DV; some may also be residing in our DV shelter. Research indicates that 1 in 4 women experience severe physical violence at the hands of an intimate partner in a lifetime. With over 145,000 estimated women 18 years and older residing in PD16, this statistic indicates the true need for DV services is staggering. Local law enforcement respond to over 6,500 DV calls annually. Fleeing DV can result in great loss and instability, leaving victims without a home, vehicle, finances, clothing, status, or routines. Lack of work history and education, common among DV survivors, become prominent obstacles to obtaining employment which make maintaining housing even more difficult.

When DV survivors first contact Empowerhouse, over 2.000 calls per year, immediate safety concerns are discussed. Many survivors feel that shelter is not a viable option for their situations (e.g., afraid to expose their children to shelter for fear of losing custody, have short term options with friends or family). In these situations, we currently have an option to refer them to prevention services. We referred 57 clients in these situations over an 18 month period. Although some DV victims connected with the prevention or diversion program, others tried to self-resolve their situations without valuable supportive DV services to enhance their chance of achieving and maintaining PH. This funding would enable survivors with the highest barriers, either directly fleeing DV or residing in DV shelter, to receive both rental assistance and DV supportive services from Empowerhouse DV housing staff trained in providing trauma-informed services.

This PH DV RRH project will assist 3 survivors of DV and their families in attaining PH quickly and increasing self-sufficiency through supportive services. DV survivors may be referred through the mainstream CoC Coordinated Entry process or contact EH directly. The program proposes to provide rental subsidies at participant-chosen, rental based scattered site apartments for 12 months. Empowerhouse may pay the security and utility deposits if needed. If initial participants do not need the full 12 months of assistance, additional DV victims will be served with remaining funds. The DV Housing Team (Housing Advocate and Case Manager) will assist in obtaining housing that will meet their needs. The project offers voluntary supportive services to help victims overcome barriers to maintaining housing to include engaging a partnering DV Employment Specialist and multiple community providers (e.g., mental health, substance abuse, health clinics, social services) and other area organizations to support victims' chosen goals. 93% of DV RRH households maintain or increase their income through employment or benefits, 49% via employment and 73% via benefits.
