

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2022 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2022 Continuum of Care (CoC) Program Competition. For more information see FY 2022 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2022 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2021 Project Application will be imported into the FY 2022 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2022 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2022 renewal project application. The “Submit without Changes” process is not applicable for:

- first time renewing project applications
- a project application that did not import last FY 2021 information
- a project that had Issues or Conditions that were addressed in FY 2021 Post-Award and updates need to be reflected in the FY 2022 project application
- a project that had amendments approved in FY 2020 or FY 2021 that need to be reflected in the FY 2022 project application

e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2021 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions found on the left side menu of e-snaps or hud.gov to find more in depth information about applying under the FY 2022 CoC Competition.

Renewal Grant Consolidation or Renewal Grant Expansion

The FY2022 CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will submit individual applications.
 - a. Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
 - b. Consolidations will ONLY submit individual renewal project applications, identifying the renewal application that will survive, and the renewal applications that will terminate. Up to 10 grants may be included in a consolidation.
2. HUD HQ will combine the budget data (e.g., units, budgets) for Expansion or Consolidation requests from the individual project applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

1. Provide a description that addresses the entire scope of the proposed project.

This HMIS project would provide the funding necessary for the George Washington Regional Commission (GWRC) to continue to serve as the local HMIS Lead Agency. Activities include providing HMIS software and user training support; providing help desk support; running data quality checks; maintaining data security standards; and preparing and submitting all applicable federal reports, including the LSA, HIC, PIT, System Performance Measures, and HMIS APR. The \$55,125 requested would fund hours and benefits for project management staff and related overhead costs. GWRC will cover software costs with state and local dollars.

4A. HMIS Standards

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

1. Is the HMIS currently programmed to collect all Universal Data Elements (UDEs) as set forth in the FY 2022 HMIS Data Standard Manual? Yes

2. Does HMIS produce all HUD-required reports and provide data needed for HUD reporting? (i.e., Annual Performance Report (APR)/CoC reporting, Consolidated Annual Performance and Evaluation Report (CAPER)/ESG reporting, Longitudinal System Analysis (LSA)/Annual Homeless Assessment Report, System Performance Measures (SPM), and Data Quality Table, etc.). Yes

3. Is your HMIS capable of generating all reports required by all Federal partners including HUD, VA, and HHS? Yes

4. Does HMIS provide the CoC with an unduplicated count of program participants receiving services in the CoC? Yes

5. Describe your organizations process and stakeholder involvement for updating your HMIS Governance Charters and HMIS Policies and Procedures.

The HMIS Governance Charter is drafted by HMIS Lead staff to align with HUD HMIS regulations and guidance, reviewed, and revised by the HMIS Policy Committee, and then reviewed by the CoC board.

Every year, the HMIS Policy Committee discusses potential changes to the HMIS Policies and Procedures. The Committee represents end users, including service provider staff, and the four CoCs within our implementation. Any proposed changes are put before the HMIS Policy Committee for consideration and discussion. The system administrators discuss how the changes will affect their CoCs, and any needed adjustments are made. Any changes made are agreed upon by the four CoC system administrators, the HMIS Policy Committee representing the CoCs, and the CoC Boards. When changes are being made the system administrators discuss the changes being made with people in the communities they represent. In addition, GWRC works with local end users to gain feedback and information regarding the HMIS Governance Chart and HMIS Policies and Procedures to ensure agreement. GWRC uses the local System Planning and CoC Board for these discussions.

6. Who is responsible for insuring the HMIS implementation meets all privacy and security standards as required by HUD and other federal partners?

GWRC partners with Homeward, the HMIS Lead of the Richmond Continuum of Care and the contractor with our HMIS vendor to ensure that all privacy and security standards as required by HUD are met.

7. Does the HMIS Lead conduct Privacy and Security Training and follow up on privacy and security standards on a regular basis? Yes

8. What is the CoC's policy and procedures for managing a breach of Personally Identifiable Information (PII) in HMIS?

All end users are required to report any suspected instances of noncompliance with the policies and procedures, including breaches of PII. Homeward, in partnership with the HMIS staff of the other HMIS implementation, is responsible for reviewing and evaluating data breaches and determining whether any sanctions (such as a formal reprimand, suspension of system privileges, revocation of system privileges, or criminal prosecution) are necessary. Partner Agencies must comply with relevant state and federal laws. These include but are not limited to those regarding: unauthorized disclosure of data, unauthorized modification or destruction of data, programs, or hardware; theft of computer services; illegal copying of software; invasion of privacy; theft of hardware, software, peripherals, data, or printouts; misuse of communication networks; promulgation of malicious software such as viruses; and breach of contract. Perpetrators may be prosecuted under state or federal law, held civilly liable for their actions, or both. The Homeward Authorized Agent staff and authorized agencies must comply with license agreements for copyrighted software and documentation. Licensed software must not be copied unless the license agreement specifically provides for it. This process is contained in the HMIS Policies and Procedures. These policies are covered in HMIS user training and are posted online.
